Dear Bebe:

65? you're such a child! Just wait a few years! Have you noticed, though, that your birthdays are coming every 6 months now?

Of course you have my full support for the Russian teacher/student visit, and my enthusiasm for participating. That would be a full weekend if you tried to make it into the jony one. ~~However~~ However, with simultaneous translation, the Russians might gain a lot of insight into the workings of US theatre listening to the jony panel.

Let me know. (Further, if the jony saw the same Albee play - in English, of course - that the Russkies were doing!!!)

Have a good 3 months "off" as they say. I start going on to England the middle of July for rehearsal of "The Play about the Baby."

Love to you both, & regards to the brood.

Edward
