Dear Bees -

Thanks for yours (of the melted heart).

Now, re: the former Reds.

A) I assume they will send me dollars (or someone will) for the translation connections before contracts are signed, & that they will incorporate them into the working script.

B) If come I'm willing to go to Vladivostok. Depends on when they have in mind - certainly not before June of 2001.

C) I'd like 2 business-class round trips NY-Tokyo* (say) & there however they'd get us to Vlad & back. * Preferably on a human airline.

D) Caviar for every meal (+ snack & teatime). * & by the bed all night.

My play progresses here.

Love, *

Edward

* Shame it.
