Dear Bebe -

The "Baby" problem is, simply: do we want to bring the London cast over? - can we? (since Equity's rules & discriminatory behavior - "Oh, you want Brits over here in your play?! Well, we must guarantee (with a bond) ~~very~~ similar employment to US actors on dress - same salaries etc.) + how ~~costly~~ costly would it be - per diems + allowance for only 3 months work etc.

Oh do we see cast with Americans? All this takes time. We'll get it on, no fear.

I do hope the Russians work out, let me know soonest + also Talica & the junior.

Oh: your daughter. Why don't I ever get ex-boyfriends stalking me!? Your killing him is a good idea, how, since the state of our eyes, why not just let them do it?

It's just no time (alas, alas, ha, ha!) to do a catalogue piece for at least 2 years (maybe 10?)
Love to you two & the new dog.

Edward
