Dear Two -

Its good to hear from you. I'm glad that
3 AM women made an impression. Do come
to NYC sometime in the next 6 months or
so to see the original cast.

We open in London November 1 with Maggie
Smith et alia. That is where I will be
until November 15 (London/Prague) so any
piece I might do could not be begun until
after that date.

I'm sure I'll be happy to write one, how is
that delay OK?

I remain dogless, too, but with me you have
the odd sight of a grown man sitting down
on sidewalks & attempting conversations with
strange dogs. I must either grow up, or get
a new one. (Guess which!?)

About computer art: (computer anything)
its difficult enough for the real to look real,
